over 60% smaller
than traditional surface mount models

Comprehensive range of
Smoke Alarms available

ELECTRICAL ACCESSORIES

5 YEAR WARRANTY

The advertisement features a background of a woman in a white top and dark skirt standing with her back to the camera, looking at a large, intense fire. In the foreground, there are several boxes of Firetek smoke alarms in red, green, and yellow packaging, along with two white smoke alarm units. The units are shown in two views: one is a flush-mount model with a recessed design, and the other is a surface-mount model with a traditional design. The overall color scheme is dominated by the orange and yellow of the fire, with a dark red banner at the bottom.
